2009 Highlights

- 94 percent of clients report they are better able to function and cope on a day-to-day basis.
- 63 percent of all newly-diagnosed cancer patients living in poverty are assisted by Cancer Care Services.
- More than 3,000 cancer patients and approximately 570 caregivers received services and support.
- More than 100 volunteers donated 2,043 hours of time for a monetary value of \$42,508.
- CCS completed a comprehensive business plan which will serve as a compass for the future. During 2010 it will be shared with key donors and foundations as we work to increase funding to provide services to an increasing number of cancer patients.
- Susan G. Komen for the Cure Tarrant County awarded a grant of \$176,492 to provide comprehensive services for breast cancer clients.
