Cancer Care Services Receives \$15,000.00 Toolbox Grant from Community Foundation of North Texas

Fort Worth, TX – Cancer Care Services (CCS) today announced it has received a \$15,000.00 ToolBox Grant from Community Foundation of North Texas. The grant, which was received in October, 2011, will provide funding for a Community Outreach Coordinator, who will help expand the service delivery market for CCS, foster and maintain partnerships with key stakeholders and create and share value by informing, educating and communicating with our mutual clients. The Outreach Coordinator will assist in the development of new relationships for CCS with hospitals, nursing homes, outpatient care centers, other medical facilities and social service organizations to proactively position our services. Along with its funding partners, the Community Foundation of North Texas provided \$425,000 in ToolBox grants to 39 Tarrant County nonprofits.

Melanie Wilson, President & CEO of Cancer Care Services stated, “We are honored to receive this ToolBox Grant from Community Foundation of North Texas. The Outreach Coordinator position funded by this grant will help spread the word about our services across Tarrant County and enable us to reach more individuals and families with cancer.”
