Camp CARE is a free camp experience for children ages 5 through 13 who live with a loved one undergoing active cancer treatment (this is not a camp for children with cancer). Camp CARE is specially designed to help your child learn to cope with the changes cancer brings to the family, under the guidance of licensed play, art, and music therapists. Older siblings who would like to attend as a **JUNIOR VOLUNTEER** are welcome.

**Exciting News!** Camp CARE is moving to Camp Carter YMCA this summer! We want our campers to have a genuine *camp experience* by enjoying Camp Carter's 300 acres of FUN! Camp CARE's formal activities will take place in a lovely, air-conditioned Retreat Center located in the heart of Camp Carter. In addition to the emotional and social support the children will experience, they'll also take pleasure in all that Camp Carter has to offer!

## A WEEK OF BONDING

Because Camp CARE is solely for campers who are affected by cancer, they will bond with other kids who are going through the same thing.

Each day, your child will make *treasured memories* while enjoying archery, canoeing, hiking, swimming and group games with new friends.

Also, professional therapists will help campers learn how to use crafts, musical instruments, toys and more to express their feelings. Creativity can be a child's voice when they can't put their feelings into words.

## Camp CARE Campers

In order to be eligible for camp, a child must be between 5-13 years old and must live with the loved one who is affected by cancer. All campers must be dropped off and picked up each day at Camp Carter YMCA.
